

TECH-GRO™

AS TISSUE SEAL:

TECH-GRO B-LOCK will stick to fresh cuts as well as older tissues and will form an elastomeric coating that will stretch as the plant grows. Exposed cuts or wounds to vines can contribute to die back of canes. To avoid excessive drying out of plant tissue, coating fresh cuts and wounds can help speed the natural process of plant healing in growing conditions.

DIRECTIONS FOR USE:

Liberal coat wound areas with TECH-GRO B-LOCK to create a contiguous seal coating. Scaffold or trunk applications may be made with thinner coats of product. Allow for adequate drying conditions; do not apply within 24 hours of expected rains or freezing conditions. Not for use on trees.

Clean application equipment immediately with soap and water. Do not store this product at temperatures below 40 F or above 90 F. Do not allow to freeze.

B-LOCK

VINE PAINT

A unique, elastomeric latex coating for vines.

TECH-GRO B-LOCK contains 5.0% by weight Boric Acid

**CAUTION
KEEP OUT OF REACH OF CHILDREN
HARMFUL IF SWALLOWED**

WARNING
Causes eye and skin irritation

Wear protective clothing, gloves, eye and face protection. Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling. Remove and wash contaminated clothing before reuse. Avoid breathing vapor, mist or dust from this product. Not for human or animal consumption.

If in eyes: Rinse thoroughly with water for several minutes. Continue rinsing and get medical attention if eye irritation persists.

If on skin: Wash with plenty of soap and water.

If swallowed: Rinse mouth and get medical attention if you feel unwell.

Store in a cool, dry, well-ventilated area away from heat, combustible and in compatible materials. Dispose of unused contents, container, and other contaminated wastes in accordance with local, state, and federal law.

NOTICE: Seller warrants that this product conforms to its chemical description and is reasonably fit for the purposes stated on the label when used according to directions under normal conditions on the crops specified. Because of widely varying use conditions, it is impossible to eliminate all risks even when the label directions are followed. Therefore, the manufacturer makes no other warranties, expressed or implied. The buyer assumes all risks associated with the use of this product. In the event of damage resulting from a breach of warranty, the buyer agrees to accept a refund of the purchase price as full discharge of the manufacturer's liability.
