

# Calcium, Boron and Moly Specifically Formulated for Tree Nut Bloom

Steady and slow release of Calcium and Boron

## Cal-Bor +Moly™

- Promote fruit and bud set
- Improve pollen viability
- Safe during pollination
- Compatible with most fungicides
- Molybdenum is required for proper nitrogen utilization

2-4 quarts per acre at pink bud

Cal-Bor +Moly supplies 10% Calcium and 8% Sulfur and is Chloride-free for safety. Season long applications of Calcium are known to improve fruit firmness and enhance storage qualities.

1. **Concentration:** Drives nutrient analysis up; reduces risk to crops
2. **Compatibility:** Quality, reliable products highly compatible with most mixes
3. **Availability:** Proven nutrient uptake via foliar, root, and soil application
