GUARANTEED ANALYSIS

Calcium (Ca) 25.0%
 Calcium Carbonate (CaCO₃) 70.0%

Derived from: Calcium Carbonate. **14.20 lbs/gal at 68°F**

Calcium Carbonate Equivalent (CCE)100%, 70% (AOAC)

Effective Calcium Carbonate Equivalent: 70%. 9.9 lbs ECCE/gallon **F1132**

DIRECTIONS FOR USE

Uniformly apply the suggested rates in the following manner.

Apply 3-10 gallons per acer per application depending upon soil pH, soil texture and soil pH change desired. Repeat as needed. Co-application of inpHluence with a non-ionic soil surfactant such as Aqua Surge may be beneficial in hard to wet soils. A compatibility test is recommended when using new surfactant products and inpHluence. Follow all directions for use, restrictions and precautions on the surfactant product labels.

GENERAL USE RATES (Except for specific situations): Sandy loam soils use 3-6 gallons/acre. Loam to silt loam soils use 5-8 gallons/acre. Clay loam to clay and organic soils use 6-10 gallons/acre.

DRIP IRRIGATION: Begin application of inpHluence **only** after system is fully charged. Continue fertigation through 1/2-2/3 of irrigation set and follow with untreated water for 1/3-1/2 of set duration.

ALL OTHER IRRIGATION TYPES: Apply inpHluence in a concentrated band over zone of active root feeding. Irrigate with at least 1-acre inch of water following application.

This product is not intended for use directly on crop foliage.

SHAKE WELL BEFORE USING

MAINTAIN ADEQUATE AGITATION AT ALL TIMES DURING MIXING AND APPLICATION.

Warning: Cancer and Reproductive Harm

inpHluence™

Calcitic Limestone

A flowable suspension calcium carbonate for soil pH increase & available calcium for all crops

KEEP OUT OF REACH OF CHILDREN

WARNING: May cause damage to organs through prolonged or repeated exposure via inhalation

WARNING: Causes eye and skin irritation

May cause cancer by inhalation. Do not breathe dust. Obtain special instructions before use. Do not handle until all safety precautions have been read and understood.

Wear protective clothing, gloves, eye and face protection. Do not eat, drink or smoke when using this product. Wash hands thoroughly after handling. Remove and wash contaminated clothing before reuse. Avoid breathing vapor, mist or dust from this product. Not for human or animal consumption.

If in eyes: Rinse thoroughly with water for several minutes. Continue rinsing and get medical attention if eye irritation persists.

If on skin: Wash with plenty of soap and water.

If swallowed: Rinse mouth and get medical attention if you feel unwell.

COMPATIBILITY: This product is not intended to be mixed with other fertilizers nor fertilizer enhancers. Not for use with crop protection chemicals. Consult a Nutrient TECH representative for additional information.

Avoid extreme temperature fluctuations. Store between 50° and 90° F in a cool, dry, well-ventilated area away from heat, combustible and incompatible materials. Protect from freezing during use. Opened product requires monthly agitation. Dispose of unused contents, container, and other contaminated wastes in accordance with local, state, and federal law.
