

Calcium, Boron and Moly Specifically Formulated for Tree Nut Bloom

Steady and slow release of Calcium and Boron

Cal-Bor + Moly™

- Promote fruit and bud set
- Improve pollen viability
- Safe during pollination
- Compatible with most fungicides
- Molybdenum is required for proper nitrogen utilization

2-4 quarts per acre at pink bud

Cal-Bor +Moly supplies 10% Calcium and 8% Sulfur and is Chloride-free for safety. Season long applications of Calcium are known to improve fruit firmness and enhance storage qualities.

- 1. Concentration:** Drives nutrient analysis up; reduces risk to crops
- 2. Compatibility:** Quality, reliable products highly compatible with most mixes
- 3. Availability:** Proven nutrient uptake via foliar, root, and soil application
