

Rely on Hi-K When Maturation is Your Goal

Hi-K 0-26-28

- Increase brix
- Safe after veraison on wine grapes
- Improve nut fill and kernel size in tree nuts
- NO Chlorides, NO Nitrates, NO Sulfates
- pH near neutral

Hi-K improves color development on stone fruit, apples and grapes. Hi-K is also used in freeze and drought resistance programs.

- 1. Concentration:** Drives nutrient analysis up; reduces risk to crops
- 2. Compatibility:** Quality, reliable products highly compatible with most mixes
- 3. Availability:** Proven nutrient uptake via foliar, root, and soil application
