

NUTRIGANIC™

INTRODUCING OUR SUSTAINABLE ORGANIC PRODUCT LINE FOR A GREENER FUTURE

NUTRIGANIC™ is a line of premium organic fertilizers from Nutrient TECH™. NUTRIGANIC products are made with the highest quality organic inputs. NUTRIGANIC products are concentrated nutrient suspensions developed using the same proprietary milling process for which Nutrient TECH is known. Nutrient particles are micronized to ensure maximum surface area coverage for improved uptake by the plant.

NUTRIGANIC organic fertilizers are OMRI listed, CDFA registered, and LGMA compliant. NUTRIGANIC formulations are rapidly plant available as demonstrated with plant sap testing.
